

AFAC

ARLINGTON FOOD ASSISTANCE CENTER

FROM OUR VOLUNTEERS

"I wanted to take a minute to thank you in helping me plan such a successful morale program for our team. While our standard programs are normally happy hours, meals and sports/games this program allowed our team to give back to the community, something we are going to make an annual event moving forward. You really made things easy for AWS by allowing us to register over the phone, allowing us to pick a date that worked best for us, delivering all of the food/supplies to our door and then picking up the finished product. What was really impressive however was the way you were able to work with our budget to max out the time and money we had available to help as many needy families as possible. Not only did it feel good to help our community with this program but the work itself, packaging all the produce, really brought our team together. I can't wait to plan the next one!"

— Amazon Web Services

"The Arlington Food Assistance Center (AFAC) SPF program has been a great way for Bloomberg BNA to support AFAC and its mission, while providing worthwhile team building opportunities across our organization. We have held several SPF activities and it has provided our employees with the opportunity to work together while giving back to the community."

— Bloomberg BNA

AFAC'S SPONSOR PURCHASED FOOD PROGRAM

AFAC's Sponsor Purchased Food (SPF) initiative enables your group to sponsor healthy food for AFAC families and prepare that food for distribution. With SPF, volunteering, fundraising, and team-building come together to help feed our neighbors in need. Whether you're sponsoring 200 pounds of healthy food or 25,000, we need your team to join our team!

HERE'S HOW IT WORKS

- 1 Your company provides the people and dollars to purchase bulk dry goods or produce at our cost. Here are some examples:

PRODUCE
\$0.40/pound
on average

RICE
\$0.50/pound

OATMEAL
\$0.70/pound

BEANS
\$0.90/pound

A group of 30 people can bag 3,000 pounds of dry goods in an hour.

- 2 Schedule your event and we can bring the SPF to your team or we can host your team at our warehouse. If you choose to host an event at your location, there will be a delivery surcharge and you will need:
 - **Tables:** Generally, eight people can work around an 8' table.
 - **Electricity:** The hot sealers for dry goods bagging will need electricity. We can provide extension cords if needed.
- 3 Know your efforts have helped the 2,300 client families that AFAC serves each week!

We can work with different budgets and schedules. For more information, email or give us a call at jolie.smith@afac.org or **703-845-8486**.
